How to Pay

Education has always been a matter of "How to Pay?", "Do I qualify?", Am I going to be accepted?", and then, again "How do I Pay that tuition?".

First things first, let's answer your main question right away: How much does the program cost?

We lowered the cost, and yes it was a big challenge, but we found a way to offer you a Premium Education with an unbeatable price.

$6,000

No extra fees. No tricks.

There are -normally- four (4) ways to face that challenge: (i) Scholarships (any kind); (ii) Banking (or financial institutions) support; (iii) Lenders institutions; and, (iv) Paying your own fees (self-funded).

Now, let's just focus on what or how can you pay your tuition with us: (i) **self-funded**: go to your savings account or to your family/friends and ask for money. Pros? You don't have more debt and can focus only in your education. (ii) Come to one of our great partners: **Skills Funds**. They will give you two options: 36 or 60 months' loans. [Click here to start your application: https://4geeksacademy.skills.fund/.](https://4geeksacademy.skills.fund/) (iii) Ask us for our **Extended Payment Plan**. We have designed a plan that will give you the financial help to grow as a developer.

Your Options

Of course you need more details about your options to take care of your tuition with us. Here we will explore the last two previously highlighted. Let's begin with the **Skills Fund** option.

We are proud of the partnership we have build with them. They are not only a top company, but also they are focused on giving loans for students looking to join Coding Bootcamps. Together we are offering a simple, transparent financing solution that allows you to focus strictly in your education. What to expect:

1. It only takes 10 minutes';
2. A process specially designed for coding Bootcamps;
3. You will have a Loan Calculator and will know your rates and monthly repayment even before applying;

You can borrow from $2,000 up to $6,000, and have weekly payments for as low as $34 (depending on your credit record) if you get the approval for the 60 months' loan. Click here to start your financial application with Skills Fund.

It's not just that you can get the best education for the best best price in town, it's even more: you will get the best financing options as well!

Your Options

There is also a time when the previous option does not work. That's when we come to action. Here are the details of our **Extended Payment Plan**.

	Upfront	6 Months	12 Months	24 months
Payment Options	$6,000	Apply for an Extended Payment Plan	Apply for an Extended Payment Plan	Apply for an Extended Payment Plan
Deposit	No deposit	$1,000	$1,000	$1,000
Instalments amount	Collected before program start date or in thirds**.	$852.89	$444.24	$240.06
Payment Schedule	Collected before program start date or in thirds**.	Every 30 days for 6 months from the start date.	Every 30 days for 12 months from the start date.	Every 30 days for 24 months from the start date.
Total Payment	$6,000	$5,117.34 + Deposit	$5,330.88 + Deposit	$5,761.44 + Deposit
Payment Method	Debit, Credit, Deposit, Wire Transfer or Zelle	Debit, Credit, Deposit, Wire Transfer or Zelle	Debit, Credit, Deposit, Wire Transfer or Zelle	Debit, Credit, Deposit, Wire Transfer or Zelle

**Upfront Payment: You could either pay in (i) one down payment; or, (ii) split the upfront amount into thirds. If you choose "Pay in thirds", the 1/3 is due 15 days before the start date. The 2/3 is due the very same day of start date, and 3/3 is due 15 days after start day.

Application Process

Considering our own Extended Payment Plan (4GA-EPP),, which we built together with our partners of Quotanda®, it all begins with your application to the program. That's your first step. You have to apply and then we will guide you throughout the process.

Once you have applied, you will be contacted by one of our City Advisors to schedule a meeting at our Location.

The meeting has some important goals: (i) We want to answer all the questions you my have; (ii) We also want to get to know you a little bit better: your background, your previous experiences, your relationship with Coding, your interest, your occupation, and every detail about yourself that you want to share with us; and finally, (iii) We will also give you access to the 4GA-EPP platform where you will start your financial application with us.

Once you are pre-approved, you will move forward up to the final steps of your 4GA-EPP application, which includes submitting your documentation supports. Sometimes it might be necessary to have a co-signer.

That's all it takes to finally get the green light and begin your career as a developer.

FAQ

1. Who can apply for the 4GA-EPP?

Anyone! Just be sure to have all the information normally requested: ID and basic information, Income and Personal Balance numbers, information details about your co-signer (e.g.).

2. Do you run a credit check?

We don't do anything that could affect your financial status without your permission. To get your pre-approval status no credit check will be needed. You just have to give basic information about you and your interest.

3. Only US citizens can apply?

No, this is designed for anyone interested. This is Miami, and there are a lot of nationalities around the city.

4. Are there any other fees or interests to be considered?

No, you can be sure that our tuition fee is $6,000. There are no hidden costs, or fees or anything additional to what we have already stated here.

5. What now?

We do not want you to worry about money, but to focus on your education. Let's begin!
